The **User Menu** allows you to access settings, help, diagnostics and to choose what icons you see in the Phonebar.

☰
👤
🔄

Call, SMS, request a photograph or video call the current **Active Patient**. File the communication using the Contact History.

Click the dialler Icon to Expand the Phonebar

Access recent **Call History**, listen to call recordings.

Clinicians can work through their **Appointment Lists** using the same communication options as those for an active patient.
